Guests and Little Man Fans,

I gotta say, this is a strange time for us all and in particular a strange time to be in the hospitality business. We love seeing your faces and being able to serve up a little joy in the form of ice cream. And I'd like to publicly say “thank you” to all the gracious and kind people we encounter every day. But for all the awesomeness working with the public brings, we also witness folks at what I have to believe is not their best selves. In the last week, our staff have reported some guest experiences that literally makes my heart hurt around our requirement for people to wear masks. We have had a team member spit upon. Another guest was angry and proceeded to cough all over our counter and toward other guests. These stories are beyond upsetting. We are taking every precaution to keep our Little Man Family safe and to extend that effort to our community at large. C’mon folks, this is a minor inconvenience at best. We ask you to please wear a mask when you come see us. We are making the best choices we can to protect the young people in our care. I implore you to be courteous and observe our regulations.

If you choose to not wear a mask in your day-to-day activities or if you have a medical condition that would necessitate you not wearing a mask, we respect your right to do so. We hear you but, we kindly ask that you enjoy a pint of Little Man Ice Cream from one of our wholesale partners or maybe just wait it out until these restrictions are lifted.

I am asking you as my fellow brothers and sisters, please help us keep our young people safe and be a good role model for how to treat others.

Respectfully,
Paul Tamburello
Owner of Little Man Ice Cream
